

Canadian Solar Infrastructure Fund, Inc.

Independent Auditor's Report

1<sup>st</sup> Period

Grant Thornto Taiyo LLC

## INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of  
Canadian Solar Infrastructure Fund, Inc.

We have audited the accompanying financial statements of Canadian Solar Infrastructure Fund, Inc., which comprise the balance sheet as at September 30, 2017, the statement of income, the statements of changes in net assets, the statement of cash distributions, the statement of cash flows for fiscal year then ended, notes to financial statements, and supplementary schedules all expressed in Japanese yen.

### Management's Responsibility for the Non-consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of non-consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Canadian Solar Infrastructure Fund, Inc. as at September 30, 2017, and its financial performance and its cash flows for fiscal year then ended in accordance with accounting principles generally accepted in Japan.

### Emphasis of Matter

Without qualifying our opinion, we draw attention to "Significant subsequent events" that describes that Canadian Solar Infrastructure Fund, Inc. issued new investment units, acquired assets and obtained additional borrowings.

[NOTES ON FINANCIAL INSTRUMENTS]

1. Situation of financial instruments

(1) Policy for financial instruments

CSIF procures funds for acquiring new assets or repaying loans through loans from financial institutions or issuing investment units. The basic policy is to build stable and sound financial operations to maintain and increase earnings in the medium to long term and grow the size and value of assets.

(2) Supplementary explanation on fair value of financial instruments

The fair values of financial instruments are values based on market prices, or if there are no market prices, values are reasonably

calculated. Since certain assumptions are used for the calculation of fair values, they may change if different assumptions are used.

## 2. Matters relating to fair values of financial instruments

The table below shows the book value and fair values of financial instruments as of September 30, 2017, and the difference between them. Financial instruments whose fair values are extremely difficult to estimate are not included in the table.

(Note 1) Long-term refers to borrowings that have a period of over a year from the drawdown date to the repayment date.

(Note 2) Finance related costs paid to the lenders are not included.

(Note 3) The applicable base rate for each interest calculation period (being 6 months, excluding the first and last interest period) for the calculation of the interest payable on the interest payment date shall be the 6 month Japanese yen TIBOR (Tokyo Interbank Offered Rate) announced by the General Incorporated Association JBA (Japanese Bankers Association) TIBOR Administration on the 2nd business day prior to the Drawdown Date for the first interest calculation period and on the 2nd business day prior to the beginning of each relevant interest calculation period thereafter. The applicable base rate shall be revised for each interest period. However, if a corresponding base rate is not available for an interest calculation period, the base rate shall be calculated using the method agreed in the relevant loan agreement.

(Note 4) The first interest payment date shall be due on December 29, 2017 and subsequent interest payment dates shall be due on the last day of June and December every year (if an interest payment date is not a business day, then the payment shall be made on the immediately succeeding business day; provided, however, that if such payment day falls into the following month, then the payment shall be made on the immediately preceding business day) and the last repayment date.

(Note 5) The interest rate for the full amount of the Term Loan shall be effectively fixed at 0.845% with the execution of the interest rate swap agreements.

(Note 6) If the Repayment Date is not a business day, then the repayment shall be made on the immediately succeeding business day; provided, however, that if such repayment day falls into the following month, then the repayment shall be made on the immediately

preceding business day.

- (Note 7) CSIF can make an early repayment of all or part of our borrowings subject to certain conditions, such as prior written notice to the relevant lenders.
- (Note 8) CSIF intends to enter into balloon amortization loans, which has an initial principal repayment date of June 30, 2018, and subsequent principal repayment dates shall be the last day of June and December (if a principal repayment date is not a business day, then the payment shall be made on the immediately succeeding business day; provided, however, that if such payment day falls into the following month, then the payment shall be made on the immediately preceding business day) and the remaining principal shall be repaid as a balloon payment on the repayment date.
- (Note 9) The loan agreements contain restrictive financial covenants to be applied on each settlement date of CSIF, such as the total amount of interest-bearing liabilities to the total asset value (LTV), debt-to equity ratio and debt service coverage ratios as indicators to determine the ability of CSIF to repay the loan. Breaches of such covenants for 2 successive fiscal periods or an occurrence of an acceleration event could result in being required to grant security interests in favor of the lenders.

### 3. Borrowing of funds

CSIF borrowed funds as described below on February 1, 2018.

The borrowing is used to fund part of the acquisition for newly acquired assets and various expenses associated with them (including consumption tax and local consumption tax) specified in “4. Acquisition of assets” below.

Type (Note 1)	Lender	Total Borrowing Amount (million yen)	Interest Rate (Note 2) (Note 3) (Note 4) (Note 5)	Draw down Date	Borrowing Method	Repayment Date (Note 6)	Repayment Method (Note 7)	Security/ Guarantee (Note 9)

(Note 1) Long-term refers to borrowings that have a period of over a year from the drawdown date to the repayment date.

(Note 2) Finance related costs paid to the lenders are not included.

(Note 3) The applicable base rate for each interest calculation period (being 6 months, excluding the first and last interest period) for the calculation of the interest payable on the interest payment date shall be the 6 month Japanese yen TIBOR (Tokyo Interbank Offered Rate) announced by the General Incorporated Association JBA (Japanese Bankers Association) TIBOR Administration on the 2nd business day prior to the Drawdown Date for the first interest calculation period and on the 2nd business day prior to the beginning of each relevant interest calculation period thereafter. The applicable base rate shall be revised for each interest period. However, if a corresponding base rate is not available for an interest calculation period, the base rate shall be calculated using the method agreed in the relevant loan agreement. Fluctuations in JBA's TIBOR can be checked at the General Incorporated Association JBA TIBOR Administration's website (<http://www.jbatibor.or.jp/rate/>).

(Note 4) The first interest payment date shall be due on June 29, 2018 and subsequent interest payment dates shall be due on the last day of June and December every year (if an interest payment date is not a business day, then the payment shall be made on the immediately succeeding business day; provided, however, that if such payment day falls into the following month, then the payment shall be made on the immediately preceding business day) and the last repayment date.

(Note 5) The first interest calculation period shall be from February 1, 2018 to June 29, 2018.

- (Note 6) If the Repayment Date is not a business day, then the repayment shall be made on the immediately succeeding business day; provided, however, that if such repayment day falls into the following month, then the repayment shall be made on the immediately preceding business day.
- (Note 7) CSIF may repay all or part of the borrowings ahead of the designated repayment date upon satisfaction of certain conditions, such as a prior written notice from the CSIF, during the period after the drawdown described above and before the repayment date.
- (Note 8) CSIF intends to enter into balloon amortization loans, which has an initial principal repayment date of June 30, 2018, and subsequent principal repayment dates shall be the last day of June and December (if a principal repayment date is not a business day, then the payment shall be made on the immediately succeeding business day; provided, however, that if such payment day falls into the following month, then the payment shall be made on the immediately preceding business day) and the remaining principal shall be repaid as a balloon payment on the repayment date.
- (Note 9) The loan agreements contain restrictive financial covenants to be applied on each settlement date of CSIF, such as the total amount of interest-bearing liabilities to the total asset value (LTV), debt-to equity ratio and debt service coverage ratios as indicators to determine the ability of CSIF to repay the loan. Breaches of such covenants for 2 successive fiscal periods or an occurrence of an acceleration event could result in being required to grant security interests in favor of the lenders.
