<u>Lessees</u>	<u>Total rent revenues (in JPY thousand) (note)</u>
<u>Tida Power 01 G.K.</u>	<u>2,413,614</u>

(Note) Total rent revenues stated are the sum of the amount of basic rent and the amount of performance-based rent in the 7th fiscal period (ended December 31, 2020). The sum of the amount of basic rent and the amount of performance-based rent in the period from the lease starting date to December 31, 2020 is assumed for assets acquired in the 7th fiscal period. CS Hokkaido Ishikari G.K. and CS Miyagi Kejonuma G.K. were lessees for assets acquired in the 7th fiscal period on the lease starting date. However the two companies merged with Tida Power 01 G.K. with the latter as the surviving company on December 3, 2020. For that reason, the amount including rent revenues from the two companies before the merger is assumed for total rent revenues.
